Beneath the surface, you will find much more to swimming pools than meets the eye. The Pool and Hot Tub Alliance (former NSPF®) Certified Pool Operator® Certification Course **provides a wealth of information to anyone involved with pools.** On behalf of Pool Operation Management, you will receive essential training along with other valuable information and resources.

In over 50% of the USA, *state law mandates a pool operator at all pool facilities in New Jersey, New York, Massachusetts, Maine, Maryland, West Virginia, Delaware, the District of Columbia, and several counties in Pennsylvania and Virginia.* For the highest level of quality training, rely on a team of award-winning experienced professionals...

POOL OPERATION MANAGEMENT

To improve your facility or business, we invite you to join the thousands of others who have made POM the first choice for all pool operation needs.

POM has been teaching pool training courses throughout the U.S. for over 30 years. Our name has become synonymous with the highest level of quality and excellence in training in the pool industry.

NOW is the time to be trained by a licensed professional instructor. We offer many classes at a variety of convenient locations. Additional CPO® certification courses may be scheduled at your location and at your convenience.

FEES

$399 - Early Registration (includes shipping of Pool & Spa Operator™ Handbook before class)

$425 - Late Registration (within 2 weeks of class, handbook received at class)

- Consultation and advice by phone and email, limited
- Attendance at any of our scheduled CPO® certification courses for review purposes (not re-certification) with a valid CPO® certificate from POM

THE CPO® CERTIFICATION COURSE

Classes run from 8:30 AM - 5:00 PM daily

This is a two-day course with an open-book, open-note exam given on the second day. You need a score of 75 percent to pass. The topics covered include:

- State and federal regulations
- Liability and risk management
- Filtration systems and recirculation
- Pool chemistry and calculations
- Water sanitizing and testing
- Maintenance and troubleshooting
- Renovations
- Management and personnel
- Spas, hot tubs and seasonal pools
- Energy conservation
- Disease and accident prevention

OUR COMPANY'S HISTORY
